

On Wednesday, December 10, 2014, at approximately 11:34pm, the Wadena County Sheriff's Office received a report of an ATV and trailer that went through the ice on Lower Twin Lake. It was report that there were two people on the ATV when it went through the ice. The riders were able to escape without harm and returned home to report the incident. It was learned that the riders were in the water for an extended period of time and did attempt to call 911 but were not able to being their phones were wet.

Through investigation, it was learned that the ATV and trailer went in approximately 200 yards south of the access in the channel area and is sitting in approximately 10-15 feet of water.

The Wadena County Sheriff's Officer reminds everyone to make sure that you know the area that you are fishing and to use extreme caution when being out on the ice.
