**A. Needs Statement**

**1. Identify challenges in financial assistance services that are prohibiting you from properly serving MFIP/DWP families in your community.**

One of the biggest challenges we face in financial assistance services in Wadena County is the lack of jobs that pay a living wage for people. Many of the jobs available are in fast food restaurants or other service/retail establishments. Additional issues include low academic skills and poor work histories for many people. If they do get a job in a factory in a neighboring county, then transportation issues often arise. While there may be a transit system within towns, often getting between towns is a problem. In a portion of the population, there are also issues like chemical dependency, mental illness, learning disabilities, illiteracy, and family violence.

**2. Identify challenges in employment services that are prohibiting you from properly serving MFIP/DWP families in your community.**

In Wadena County we struggle with the skills gap between employer needs and our clients. For those jobs that have lower standards, I.E. fast food, our clients won't work there. We also have a significant population that can't pass a background check. Wadena County is a rural area and the lack of adequate public transportation is a challenge for MFIP recipients to comply with MFIP requirements leading to self-sufficiency. In the town of Wadena, there is Friendly Rider, but it does not provide transportation for shift work. Additionally, the lack of adequate child care is also a challenge.

**3. Identify the strengths in your community that you are most proud of that benefit MFIP/DWP families.**

We have a good response to work training opportunities in Wadena County. We also have great collaboration with other agencies like MAHUBI-OWT as they provide many services often needed by our clients.

### C. Measures

#### Performance Measures

- 1. Performance-based funding is determined by a service area's annualized Self-Support Index value. Review the information and report links in this section to see the effect of performance on funding and reporting, based on Statute 256J.626, subdivision 7.

Each year a bonus to a service area's Consolidated Fund allocation will be based on its performance on the Self-Support Index in the previous April to March year.

The **three-year Self-Support Index (S-SI)**: This measure starts with all adults receiving MFIP or DWP cash assistance in a quarter and tracks what percentage of them, three years later, are no longer receiving family cash assistance or are working an average of 30 hours a week if still receiving cash assistance. Those who left MFIP after reaching 60 counted months and those who left due to 100 percent sanction are only counted as a success if they worked an average of 30 hours per week in their last month of eligibility or if they began receiving Supplemental Security Income (SSI) after family cash assistance ended. To provide fair comparisons across service areas, DHS calculates a "Range of Expected Performance" for the S-SI that is based on local caseload characteristics and economic conditions. The service area's Self-Support Index value is whether the service area was above, within, or below its expected Range.

The S-SI and Range are annualized for the four quarters in the April through March year ending in the reporting year before the funding year. See the annualized report on the MFIP Reports page on the DHS website for 2021 <https://edocs.dhs.state.mn.us/lfservlet/Public/DHS-4651H-ENG>. A service area with an annualized S-SI "above" its customized Range of Expected Performance for 2021 will receive a 2.5 percent bonus added to its Consolidated Fund allocation for calendar year 2022.

[Minnesota Family Investment Program 2021 Annualized Self-Support Index \(PDF\)](#)

If your service area is receiving a bonus, congratulations! Please share a success strategy here:

N/A

9996 characters remaining

If your service area performed "above" or "within," you can go to item 2.

If your service area performed "below" for two consecutive years, you will have to **negotiate a multi-year improvement plan** with the commissioner. If no improvement is shown by the end of the multiyear plan, the next year's allocation must be decreased by 2.5 percent, to remain in effect until the service area performs within or above its Range of Expected Performance.

**C. Measures** (continued)**Racial/Ethnic Disparities**

2. A **racial/ethnic disparity** is defined as a one-year Self Support Index that is five or more percentage points lower for a non-white racial/ethnic group than for the white group of MFIP/DWP-eligible adults in the county or consortium. The report "The Annual Summaries for counties of the Self Support and Work Participation performance measures" <https://edocs.dhs.state.mn.us/lfserver/Public/DHS-4214AG-ENG> on the MFIP Reports page includes a list of service areas that have a racial/ethnic disparity requiring action. (If your county has a disparity but data are missing for quarters with cell size too small to report, contact [benjamin.jaques-leslie@state.mn.us](mailto:benjamin.jaques-leslie@state.mn.us) to get the unpublished counts and percentage gaps.)

#### Administrative Cap Waiver

Minnesota Family Investment Program (MFIP) allows counties to request a waiver of the MFIP administrative cap (currently at 7.5%) for providing supported employment, uncompensated work or community work experience program for a major segment of the county's MFIP population. Counties that are operating such a program may request up to 15% administrative costs.

If your county is interested in applying for the waiver for the coming biennium, please complete the following four questions.

4000 characters remaining

**G. Other** (continued)**Addendum for Unpaid Work Experience Activities**

If your county is providing unpaid work experience activities for MFIP participants and you don't already have an Injury Protection Plan (IPP) in place, please click on [eDocs](#) to find any IPP forms that may be needed. Email the completed form to [tria.chang@state.mn.us](mailto:tria.chang@state.mn.us).

**Provider Choice**

Does your county:

- Have at least two employment and training services providers. Go to Section H.
- Have a CareerForce center that provides multiple employment and training services, offers multiple services options under a collaborative effort and can document that participants have choice among employment and training services designed to meet specialized needs. Go to Section H.
- Intend to submit a financial hardship request.

**G. Other** (continued)**Financial Hardship Request****FINANCIAL HARDSHIP - Exception to Choice of Employment Service Providers Requirement**

MFIP provisions require counties to make a choice of at least two employment service providers available to participants unless a workforce center is being utilized (Minnesota Statutes, section 256J.50, subdivision 8). Counties may request an exception if meeting this requirement results in a financial hardship (Minnesota Statutes, section 256J.50, subdivision 9).

A financial hardship is defined as a county's inability to provide the minimum level of service for all programs if a disproportionate amount of the MFIP consolidated fund must be used to cover the costs of purchasing employment services from two providers or the cost of contracting with a workforce center.

To request approval of a financial hardship exception from the choice of provider requirement, please provide the following information.

1. If the county had a choice of providers in calendar year 2019, describe:
  - factors that have changed which indicate a financial hardship
  - why the hardship is expected to persist in the near future and
  - the magnitude of the hardship, which makes limiting delivery of employment services the best financial option for the county.

2000 characters remaining

2. Summarize options explored by the county, including use of other partners in a workforce center or other community agencies, such as a Community Action Program or a technical college. The summary should also include:
  - major factors which prevent the county from utilizing these options and include a cost analysis of each option considered; and
  - the process used to determine the cost of other options (RFP or other county process).

2000 characters remaining

3. If the county proposes to directly deliver MFIP employment services, provide a budget and staffing plan that clearly indicates consolidated funds will not be used to supplant county funds. The description should include information about what steps will be taken to ensure that county staff have the experience and skills to deliver employment services.

2000 characters remaining

Financial Hardship requests will be reviewed by The Department of Human Services (DHS) and the Department of Employment and Economic (DEED) leadership. DHS and DEED will also review the amount budgeted by the county for employment and training during calendar year 2021 and use this amount as a guide to determine whether the amount budgeted by the county for calendar year 2022 is reasonable.

If a financial hardship is approved, DHS and DEED will closely monitor county programs to ensure outcomes are achieved and services are being delivered consistent with state law. For additional info or if you have questions please email Pamela [McCauley](mailto:McCauley).
