ENHANCED 911 SIGN REPLACEMENT REQUEST FOR 911 SIGN

In accordance with the policy adopted by the County Board on January 7, 2014, after the initial installation of the E911 property number signs, the signs become the responsibility of the property owner.

If an E911 property sign becomes damaged or needs replacement, the landowner may contact the GIS Department and a new sign can be ordered, at the expense of the landowner. The replacement sign will then be installed by the Highway Department.

The cost of a replacement sign is \$125.00. If the post alone is in good condition, but the E911 number flag needs to be replaced, the cost of a replacement *flag only* is \$75.00. It takes approximately 2 weeks for a new sign to be installed by the Highway Department.

To order a replacement sign, please fill in the information below, enclose payment and return to the Wadena County GIS Department, Room 234, 415 Jefferson Street South, Wadena, MN 56482. Upon receipt of payment, a new sign will be ordered and installed. If you have any questions, please call 218-631-7643.
